DISCONNECT, IF THAT'S YOUR THING!

Director(s): Elodie BONNES

Writer(s): Elodie BONNES

February 28 is World Day without Facebook. Social networks are harmful and terribly addictive, it seems.

To reconnect with others "in real life" and get back to a normal life, we need to disconnect ... But does it work in the same way for the deaf people? For them, it's more a question of access and thus, social networks are a true window onto the world for them, or is it?

Wallès Kotra investigates and invites us to look at new technologies afresh.
